

Water the imagination and Creativity will flow!

Parents, I know you have a desire for more bonding time at home with your toddler but somehow...“life happens and gets in the way!” Home is not always the best place to have uninterrupted time with your little ones. Phone rings, things to do, errands to run, etc. Wouldn't you love to have nonstop fun and bonding time with your little one while allowing their imagination to grow?

Come and join the fun at
How Does My Garden Grow.

We decorate flowerpots, plant seeds and enjoy other developmental arts and crafts.

All materials and supplies are included.
